

fotobus society

Supporting membership fotobus e.V.

The fotobus is a cultural and social program for all students of photography, design, film, art and media. The fotobus—a coach equipped with 32 seats—offers expeditions and research trips to regional, national and international destinations. The central idea behind these journeys is to strengthen international understanding and peace within Europe as well as to encourage cultural and academical exchange. Students are supported in building exceptional international contacts and gaining practical experiences. Support the fotobus! Any amount helps us to keep our bus on the road. We are a registered non-profit organization and we are able to issue receipts to make your support tax deductible.

Contact details

Name and Surname

Street address

Extra address line (optional)
